*The Alternative to Wood
Our Planet Matters
Change or Be Changed*

The Future of Building Material Made from XstrawDinary

- ordinary straw* endowed
with extraordinary characteristics.

*Straw is the general name of the leftover stems from agricultural crops.

Our Mission

XstrawDinary was born...

To create healthy homes

And eco-friendly public
and commercial spaces

And all of this can be done
by recycling straw

creating XstrawDinary,
winning on wealth while protecting
everyone's health.

15 billion trees are cut down each year
Equivalent to the size of 23 Shanghai cities

- Times Magazine

Strawburning

About 700 m tons of straw
are burnt each year

And smog...

A photograph of a multi-lane road shrouded in thick, grey smog. Several cars are visible, driving away from the viewer. Their headlights and taillights are on, creating a hazy glow that penetrates the fog. The road markings are faint and difficult to see due to the low visibility. The overall atmosphere is one of pollution and reduced visibility.

Compromising human health
harming the environment
and even causing property damage

So why don't we...

Turn straw into an eco product?

And help generate extra income for the farmers from the same yield?

Sustainable Innovation
by RenewMaterial™

Eco-friendly brand created from Renew Material's lab.

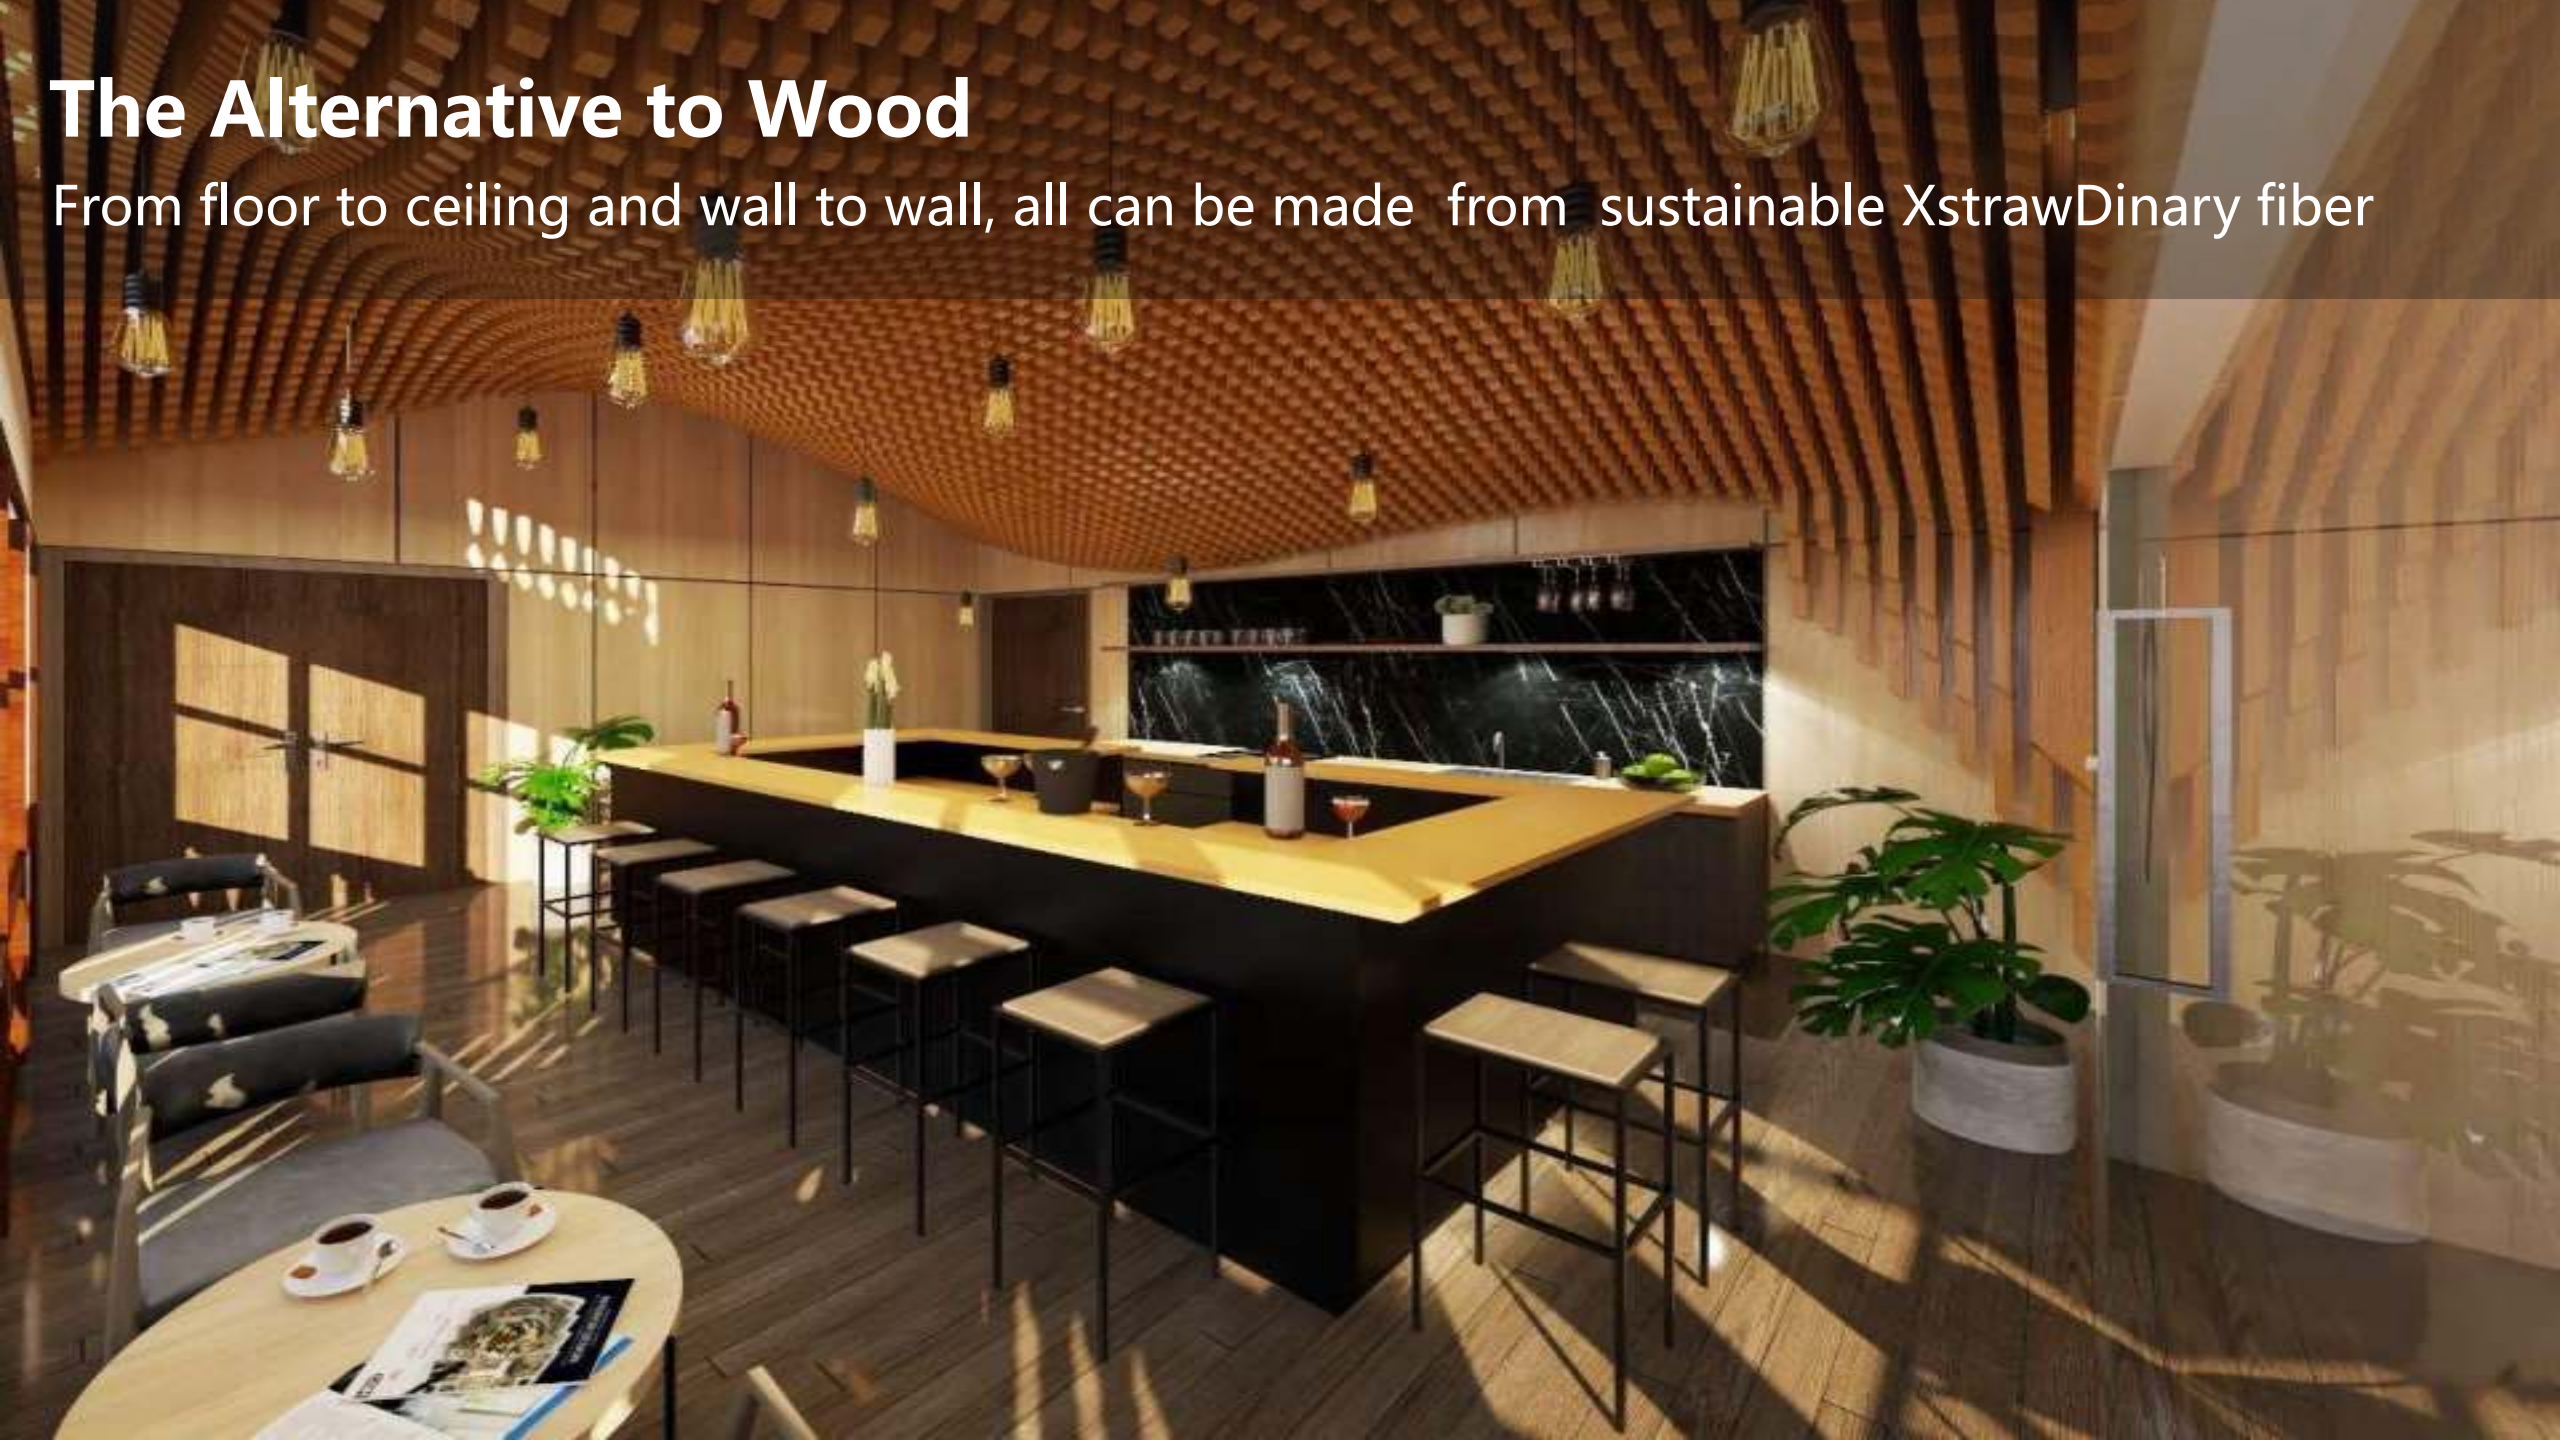

Green Label award winner from the International Organization and the Singaporean government, thanks to extraordinary qualities and the brand's positive role in environmental protection.

Lower cost, higher efficiency and better performance

- pallets and packaging boxes, flooring, wall panel, Zinc Oxide Infused Anti-bacterial and Anti Virus fiber board for various applications and lifestyle furniture.

The Alternative to Wood

From floor to ceiling and wall to wall, all can be made from sustainable XstrawDinary fiber

Formaldehyde hazards...

The New York Times

WeWork Warns Tenants That 2,300 Phone Booths May Be a Hazard

The booths could have high levels of formaldehyde, said the company, which is coping with a failed I.P.O. and a corporate shake-up.

Sport SINGAPORE Our Social Responsibility

3 August 2020

Dear RenewFibre Asia Pte Ltd,

On behalf of Sport Singapore, I would like to express my sincere appreciation for your support and generous donations to the Migrant Workers housed at our SportsHub.

Your sponsorship has been essential in providing relief to our Migrant Workers in these unprecedented times. With your donation, the Migrant Workers have received useful utilities that will be beneficiary in aiding our country's journey to a COVID free society. The Migrant Workers are very thankful for your support and care.

Everyone has a part to play in the fight against COVID-19 to break the chain of transmission. Together, we will overcome and emerge stronger. #SGUnited

Once again, I would like to thank you for being part of our team.

Stay active. Stay healthy. Stay safe.

Sng Hock Lin
Chief, ActiveSG

MASKFORCE   **MWC** **CDE**

25 July 2020

Wong Teck Tin, Founder & CEO
RenewFibre Asia Pte Ltd
29 Tai Seng Avenue
Natural Cool Lifestyle Hub, #07-01
Singapore 534119

Dear Mr Wong (TT),

APPRECIATION FOR YOUR CONTRIBUTION TO MASKFORCE

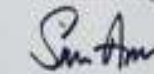

On behalf of MaskForce, we wish to thank your esteemed organization RenewFibre Asia Pte Ltd for your generous contribution of Bed Frames, Cupboards, Side Tables and mattress, etc under the Migrant Workers' Assistance Fund. It was well-received and appreciated by our migrant workers in the Care Line Project @ MWCR.

MaskForce is a community-led project, actively supported by a number of partners, including Temasek, which connects well-wishers of migrant workers and domestic helpers in Singapore with NGOs and the private sector, to protect these vulnerable workers from COVID-19.

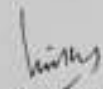

With strong support from you, MaskForce is deeply grateful to have raised sufficient resources to provide key essential items and mask kits for 400,000 migrant workers and 250,000 domestic helpers comprising two fabric reusable masks and one surgical mask. This will supplement the masks provided by the Government and employers and safeguard the well-being and health of these workers.

We wish to place on record our deepest appreciation to your esteemed organization's act of kindness, compassion and generosity. Thank you for your care and concern for some of the most vulnerable members of Singapore's workforce, and for helping Singapore fight the COVID-19 Pandemic.

Yours sincerely,

Sim Ann
Senior Minister of State, Ministry of Culture,
Community and Youth Ministry of
Communications and Information
